Claims 11-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 11, lines 8-11, and claim 19, lines 11-14, the phraseology is not readily understood by the Examiner. Specifically, "the second mechanism operable to pivot and slide the middle frame or the inner frame in a second direction" is not readily understood by the Examiner. Exactly where is the second pivoting mechanism and specifically, how does the window portion move when attached via the second mechanism, i.e., pivot and slide? The plurality of "or" and "and" within claims 11 and 19 render the claim indefinite because it's not exactly clear how, where, and which panel/frame is being moved via the second pivoting mechanism.

Claims 1-10 are allowable.

Depending on the applicant's amendments, claims 11-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Applicant's arguments with respect to claims 1-20 have been considered but are moot in view of the new ground(s) of rejection.
